HEADQUARTERS UNITED STATES MARINE CORPS  
WASHINGTON, DC 20380

MCO 6700R.1M  
RESL:FXB  
23 Mar 1988

MARINE CORPS ORDER 6700R.1M

From: Commandant of the Marine Corps  
To: Distribution List

Subj: Class VIII Materiel for Marine Corps Reserve Centers

Ref: (a) BUMEDINST 6700.16G (NOTAL)  
(b) UM 4400-15  
(c) Manual of the Medical Department, NAVMED P-117 (NOTAL)  
(d) MCO 6700.2B  
(e) MCO P7100.8K

Encl: (1) Authorized Medical Allowance List for Marine Corps Reserve Centers  
(2) Authorized Medical Items Maintained on an as Required Basis  
(3) Professional Reference Materials and Publications

1. Purpose. To promulgate logistics instructions pertaining to class VIII materiel authorized to be held by Marine Corps Reserve centers for the purpose of providing emergency medical care, performing tuberculin testing, and conducting physical examinations. This Order does not apply to the supported Reserve unit's table of equipment (T/E) requirement for such equipment and supplies.

2. Cancellation. MCO 6700R.1L.

3. Allowance

a. Marine Corps Reserve centers which have an inspector-instructor (I-I) staff corpsman on their table of organization (T/O) will requisition and maintain the class VIII materiel listed in enclosure (1). These allowances have been specifically developed to support the medical department at Reserve centers because of their geographical separation from parent commands and medical facilities.

(1) Marine Corps Reserve centers located at joint Reserve centers are exempt from maintaining medical allowances in situations where the Navy maintains medical allowances for the support of all tenants.

(2) Allowances of medical materiel will be requisitioned only when active medical personnel are regularly assigned.

b. All consumable medical materiel in enclosure (2) will be procured and maintained on an required basis.

4. Requisitioning

a. Requisitions for class VIII equipment meeting the criteria established in reference (a), will be submitted per the instructions contained therein. All other class VIII items will be requisitioned from the Defense Personnel Support Center. Instructions for preparation of the requisitions are contained in reference (b).

b. Authority to requisition supplies or equipment not authorized by this Order must be requested from the Commanding General, 4th Marine Division or Commanding General, 4th Marine Aircraft Wing, as applicable.

5. Narcotics, Alcohol, and Controlled Medicinals

a. Narcotics, ethyl alcohol, alcoholic beverages, and controlled medicinals, as defined in reference (c), are not authorized at Marine Corps Reserve centers.

PCN 102 095600 00

b. If it is determined by the Commanding General, 4th Marine Division or Commanding General, 4th Marine Aircraft Wing, as appropriate, that narcotics or controlled drugs are required for field exercises during periods of annual training duty (ATD), the provisions of paragraph 8 of this Order will be adhered to. Requirements for the narcotics and controlled drugs are in reference (c).

6. Field Training Allowances. Class VIII materiel for use in professional medical/dental personnel training and/or for support of unit field training is discussed in reference (d) and will not be used by the medical department at the Reserve centers. They consist of:

a. Those T/E authorized medical/dental equipment allowances, augmented by appropriated consumable supplies, as approved by the Commanding General, 4th Marine Division or Commanding General, 4th Marine Aircraft Wing, as applicable. Further, that quantity of Individual Surgical Instrument and Supply Sets (NSN 6545-00-927-4960) deemed necessary (not to exceed one per member of the medical department); or

b. For those units not authorized an allowance as described above, a Field Dispensary Medical Instrument and Supply Set (NSN 6545-00-919-1500) is authorized for those Reserve units whose T/O would reflect a medical officer or who are supported by a medical officer. All units should hold that quantity of Individual Surgical Instrument and Supply Sets deemed necessary (not to exceed one per member of the medical department).

7. Mobilization. Guidance relative to class VIII materiel for mobilization of Marine Corps Reserve units is contained in reference (d).

8. ATD. Units conducting ATD are to bring the training allowances authorized above as applicable: Consumable supplies required for ATD will be budgeted for per reference (e).

9. Inactive Duty for Training Drills of Marine Corps Reserve Centers

a. Individual commanders and I-I's who have an I-I staff/active duty corpsman on their T/O will ensure that the authorized medical allowance contained in enclosure (1) is onhand for use by both I-I and Reserve medical personnel.

b. Consumable supplies listed in enclosure (2) will be maintained on an as required basis in support of training for use by both I-I and Reserve medical personnel.

c. The I-I staff medical representative will supervise and provide guidance in the use and maintenance of all medical equipment and consumable supplies.

10. Publications and Forms

a. Marine Corps Reserve centers that have an I-I staff/active duty corpsman on their T/O will maintain medical department forms per reference (c).

b. The list of required professional reference materials and publications for Marine Corps Reserve training center is reflected in enclosure (3). The cost of these reference materials is properly chargeable to local Operation and Maintenance, Marine Corps Reserve (O&MMCR) funds.

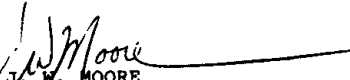

c. Those professional reference materials and publications required to provide a more in depth professional library for supported Marine Corps Reserve units are outlined in reference (d).

d. Marine Corps Reserve centers located at joint Reserve centers are exempt from maintaining publication and form allowances when the Navy maintains publication and form allowances for the support of all tenants.

11. Supply Accounting. Class VIII materiel at Marine Corps Reserve centers shall be accounted for per reference (b) and other current directives and publications.

12. Fiscal Instructions. Requisitions for class VIII materiel listed in enclosures (1) through (3), must cite local unit O&MMCR funds.

13. Recommendations. Recommendations for changes to the medical allowances or professional reference materials and publications list for Marine Corps Reserve centers are invited and should be submitted to the Commandant of the Marine Corps (RES) with a copy submitted to Commanding General, Marine Corps Research, Development and Acquisition Command (LME-4) via the appropriate chain of command. Recommendations should include a complete professional justification.

  
J.W. MOORE  
Deputy Chief of Staff  
for Reserve Affairs
